

OUR TIME IN GREECE 2017 | Erasmus+

SATURDAY

After a long day travelling, going from plane to plane and train to train we arrived in Greece in the evening

Our host families picked us up.

Tired, safe and sound we all were happy to go to bed and very excited for the next day.

SUNDAY

START AT 11AM

The Greek students welcomed us with a nice presentation about Greece and showed us a traditional greek dance.

We started with ice breaking activities where we needed a team in to win. The games were kind of challenging as our legs were tight together and we needed to cooperate very well

Later on food was offered by greek parents and it became a delicious buffet.

Afterwards the other countries (Germany, Portugal, Lithuania, Poland, Italy) presented their presentations based on ITC.

In the evening the whole group went out to downtown Athens where we enjoyed a private sight seeing tour organised by the Greek students.

MONDAY

START AR 11AM

After arriving we were able to participate on a workshop for enriching the website of our Erasmus program work.

Afterwards we listened to presentations about ICT by the Greek and the Croatian students.

In order to celebrate May Day we created a wreath to decorate the Greek school.

Since it was May day our program ended early, therefore we were able to celebrate with our hosts.

All in all it was a very exciting day and we met friends which enjoyed very much!

TUESDAY

Tuesday was a great day, because we were able to visit many different places.

One of those places was the Acropolis Museum, where Greek students were our guides. They did a very good job and showed us many ancient things of the exhibition. Additionally we went to the Parthenon, the enduring symbol of Ancient Greece.

Moreover we had some freetime in order to go shopping and to eat something at Monastriraki area.

Afterwards we visited an “Escape room” where we were seperated into different groups. We had 60 minutes time to find our way out of the escape room.

The whole day was real fun and we liked it a lot

WEDNESDAY

On Wednesday we enjoyed the excursion to the south of Attica peninsula.
First of all we visited the enterprise Space Hellas.

Secondly we were travelling towards cape Sounion, where we had the chance to visit the temple of Poseidon at cape Sounion.

Thereafter we had a very delicious lunch at a traditional Greek taverna and enjoyed the beautiful seaside.

THURSDAY

We gloried a very special program on Wednesday!

By ship we traveled to three different islands, namely Aegina, Poros and Hydra.

We enjoyed the wonderful weather, the panoramic and the whole time we could spend together.

It was a very long but also a very interesting trip!

FRIDAY

All participating students met at the Greek school. We played a game, which should show us how companies work nowadays. In our freetime we were able to go shopping, to relax a bit or to do whatever we wanted to do.

In the evening we met again say goodbye. Once more we enjoyed a lot of food and the company of our new friends. It was very hard to say goodbye and we did not want to leave. Time faded away way too quickly.

SATURDAY

Our very last day in Greece. All of us were very sad, but nevertheless it was time to say goodbye to our host families.

Arrived at the airport we had to wait for our plane back to Germany. The time in Greece was an unforgettable experience for us, that we will never forget.
